

## Suncatchers

Second's Music and Fine Arts Department proudly presents "Meghan's Angels," beautiful etched crystal ornaments/suncatchers to sparkle on your Christmas tree or in a sunny window.

Copied from the rear Sanctuary windows, the one piece features an angel and appropriate Bible verse while the other features the Spire with another angel, also with appropriate Bible verse. These are packed in giftable white cases. Purchase at \$15 each, or two for \$25, beginning at the Bazaar, Friday, November 9, and continuing at Coffee Hours and in the Music and Fine Arts office during November and December. Profits will be placed in the MFA Outreach Ministry Fund for adult and children's choir missions.

The eleven Narthex windows, from which the suncatchers were copied, were commissioned in 1990 after gifted chorister Meghan Kelly Parker was killed in a tragic automobile accident. Her mother, Barbara, now serves an Illinois Presbyterian congregation as Senior Pastor.

The Parker family wholeheartedly endorses this MFA project, hoping "Meghan's Angels" will bring a bit of their namesake's beauty and strong faith to you and to those whom you love.
