Dear Families,

I believe that love changes everything. To me, I believe that all humans have the inherent desire to be loved and to truly feel loved and valued. I believe that sharing love daily is the most important gift someone can bring to the world each day. I believe love reveals itself in many forms. The month of February gives us an opportunity to focus on the value of love. I believe that spreading love with purpose — through kindness, intentional listening, and thoughtful actions that make others feel truly valued can change the world one moment at a time.

One of the greatest gifts we can give one another is our full attention. When we practice kind listening with eye contact, open ears and humble hearts, we communicate to others, "You matter to me". At CCP we will encourage our children to stop, look at the person speaking, be an active listener and respond with care. Practicing these loving values will help to build trust, empathy, and lasting friendships.

I often say that it's the little things that matter the most. A short greeting in the morning, a high five throughout the day, or a positive praise of appreciation are small actions that can truly transform a person's day. I believe that it's easier to smile than to furrow a brow. The smallest acts of kindness plant seeds that grow far beyond the classroom.

Together, let's inspire our children to see that love is not just for special occasions like Valentine's Day. Love is a way of living. Every smile, every kind word, every gentle act is a chance to make the world a little brighter....one hour at a time.

When we choose love, it can change everything.

With grace and gratitude,

Miss Kacy

For Kids!

What's up
with that?

This month we
celebrate
Valentine's Day!

Have you ever
received one of these?

They've been around
for a long time!
Candy conversation
hearts were first
made around the year
1860!

Hold on a minute!
That's 166 years ago!
That means our great,
great grandparents
probably shared these
on Valentine's day
just like we do today!

At first, they were
created to be used for
sore throats! Then
they took out the
medicine and made
them into candy!
They added fun words
and quickly became
the favorite
Valentine's candy!

I have to admit. I
don't actually like to
eat them! Instead, I
use them to make fun
crafts with my
grandy-kids!

Chocolate hearts
are my favorite!

Do you have a
favorite?

Happy Valentines Day!

February Spotlight!

Monthly Theme:

Instruments!

This is Me (Twinkle, Twinkle)

This is me from head to toe
I have two eyes and one little nose
I wiggle my ears and stomp my feet!
All of me is pretty neat!
This is me from head to toe.
I have two eyes and one little nose.

I Love My Body

I love my body from my head to my toes
I love my face, my eyes, my mouth, my nose
I love the way I look
when I look in the mirror
I stand a little closer
just to see a little clearer.
Who is that? It's me!
And I am looking good as good can be!
So what do I say?
I tell myself I love me every day!

Love Your Friends (Row your Boat)

Love, love, love your friends
Love them all the time
Show them that you care for them
By being good and kind.

Children's Chapel

Our stories this month show us that Jesus can do anything! We also hear a story that Jesus told about a farmer and his seeds. We will learn that we can help others by telling them about Jesus.

Different is Beautiful

We are all born in a different way
How we look and what we say
Of many sizes and colors too,
The things we like and the things we do
I'm so glad we are made this way
The world is so colorful everyday

Love is a Circle (Up on the Housetop)

Love is a circle, round and round
Love goes up, and love comes down
Love is on the inside trying to get out
Love is swirling and twirling about!
