For Kids!

What's up with that?

I always look forward to the month of March! Why? Thanks for asking!

The temperature is a little warmer and the wind is a little stronger! That means it's time to fly a kite!

I looked at a website called Whimsy Wonders. It talked about the science of flying kites!

1. You need wind! Kites can't fly without it!
2. The shape of a kite matters! Most kites have a diamond shape and a flat surface.
3. You need string for control and to keep the kite from flying away.
4. A tail is a must! It helps balance the kite.
5. Make sure you have an open area to fly your kite! Sometimes kites can get stuck in trees.

I hope you get a chance to fly a kite this month!-Ren

Dear Families,

As we welcome March, our classrooms are buzzing with excitement for spring to blossom! This is a season full of fresh beginnings, curiosity, and growth in our classrooms. Our science activities will include planting seeds, caring for the community garden, and learning about the life cycles of plants and animals. We will take full advantage of our beautiful outdoor spaces so that the kids can enjoy the sounds and feels of the changing weather!

Spring is a season that invites us to reset our hearts and minds for the brighter days to come. Just as the flowers begin to bloom and the days grow longer, this is a wonderful time for all of us to take intentional time for our spirituality, to nurture friendships, and to embrace fresh opportunities for personal growth. It is a time to remember to slow down and savor the little moments like reading together at home, sharing an ice cream treat, and noticing the beauty and goodness of ordinary life.

Collaboration is always at the forefront of all we do at CCP. I believe that true success is built when staff, parents, and community synergize. Every stakeholder brings their own unique touches, perspectives, and care to CCP. I am truly grateful for your thoughtfulness, encouragement and positive partnerships. CCP was created with love and kindness in mind, and I am thankful that we continue that mission each day.

With grace and gratitude,
Miss Kacy

CCP Closed
SPRING BREAK
Monday, 3/30 thru
Easter Monday, 4/6

CCP Summer School

May 26-June 18
Tuesdays & Thursdays 9a-1p

your child's teacher!

March Spotlight!

Music & Movement

Monthly Theme:

Dinosaurs and The Ocean!

Long Long Ago

Long, long ago when the Earth was young,
Dinosaurs lived here under the sun.
Some were big and some were small.
Some were fast, and some were tall.
Some could swim and some could fly.
Some could stretch up very high!
Don't you wish they still roamed free,
And lived somewhere that you could see?

Lepresaur

Rainbow Colors (twinkle twinkle)

Red and orange,
Green and blue,
Shiny yellow,
Purple too
All the colors that I know
Hide up in the big rainbow
Red and orange, Green and
blue, shiny yellow, Purple too!

Pterofractal

What's Happening at Second Church?

Second Presbyterian Church is a welcoming community of faith where Jesus Christ transforms lives.

Children's Circle Preschool of Second Presbyterian Church
7700 North Meridian Street Indianapolis, IN 46260 (317) 252-5517

Godly Play:

This month we will begin to prepare for Easter as we learn about the "Faces of Easter." Our stories will follow Jesus' life from birth all the way to the mystery of Easter.

I'm a Little Leprechaun

I'm a little leprechaun
Dressed in green
The tiniest man you've ever seen
If you can catch me, so it's told
I'll give you my pot of gold!

Take Me Out to the Ocean

Take me out to the ocean
Take me out to the sea.
Show me the foamy waves rolling there.
Let me breathe in the salty air
Let me look, look, look at the ocean
To see the sea and explore!
'cause it's fun to dive from the top
to the ocean floor!
