ROADSIDE ASSISTANCE (Good Samaritan)

©Karen.Archbold 2016

**Everybody needs a little roadside assistance sometimes
Everybody needs a little roadside assistance sometimes
It's good to help your neighbor when he's feeling the burn
You know one of these days it just might be your turn
Everybody needs a little roadside assistance sometimes**

If you come upon a person who's heart's feelin' flat
Give a hug or a smile, come on help wi' that
You can share with a neighbor who might need some food
Or a coat, or a hand, yeh there's lots you can do!

**Cos everybody needs a little roadside assistance sometimes
Everybody needs a little roadside assistance sometimes
God says love your neighbor as yourself, yeh it's true
You know one of these days yourself might need love too
Everybody needs a little roadside assistance sometimes!**

Jesus teaches us how to love one another
That means everybody is your sister or brother
To your right or your left ...well, hey, it's no surprise
Your neighbor is the one you can see with your eyes
